Subject: AB310

Dear State Legislators,

I'd like to make a few remarks about the proposed AB310 pertaining to voter verification after elections.

The proposal, if adopted, would require clerks to complete the audit of newly registered voters within one month each election.

My voter program generates these voter verification cards and prints them out. However, before they can be printed out, the names of the newly registered voters must be entered into the program. After the presidential election of 2000, over 5,800 voters registered at the polls in Wauwatosa.

Between Wednesday, November 8, 2000 and Wednesday, December 6, 2000, there were 19 working days. In order to meet a one-month audit deadline, my elections clerk would have had to have entered 305 cards each day. That is 38 cards per hour, for 8 hours per day. That is one card every 64 seconds. That is with no interruptions, no phone calls, no counter traffic, no other duties. That does not take into account the time needed to print 5,800 voter verification cards.

Municipalities don't have the luxury of having an employee whose sole job is elections. My elections clerk is also my licensing clerk. She also takes committee meeting minutes. She also answers the phone and greets the public at the counter.

My elections clerk finished entering the 5,816 new voters from the November 2000 election on JANUARY 8, That was remarkable.

To put it bluntly, AB310 is unrealistic. We simply don't have the staff to meet this deadline. Please don't impose this requirement on municipalities. Thank you.

Dear Senators and Representatives: Please consider the time it takes for the Municipal Clerk to enter all the registrations and changes after an election, especially the busy Presidential Election. I ask you to consider allowing a 90 day timeframe post-election, as that is the amount of time it took us to enter the information after the Nov. 2000 election. We all have many hats to wear and no one spends all their time on this particular election project. Thank you for your consideration!

Subject: Assembly Bill 310

Good morning,

It is my understanding that you are sponsoring Assembly Bill 310 -- requiring Clerks to complete an audit of registered voters within one month of an election.

The Village of Shorewood is a municipality of 13,724 people in 1.5 square miles. We have a highly transient population since we are in close proximity to the University of Wisconsin - Milwaukee and have a large number of apartment buildings.

In elections where the turnout is light, completing the audit and sending out voter verification cards would not be a problem. For instance, in the April 2003 election where 3,254 residents voted, only 100 were new registers. However, in the November 7, 2000 Presidential election, we had 2,089 new registers. There is no way that we could have verified the information on the cards, inputted them all into the computer, compiled a mailing list and mailed out the voter verification cards to the new registers by December 7. I think that it took us until the middle of January to complete the required tasks for the November Presidential election.

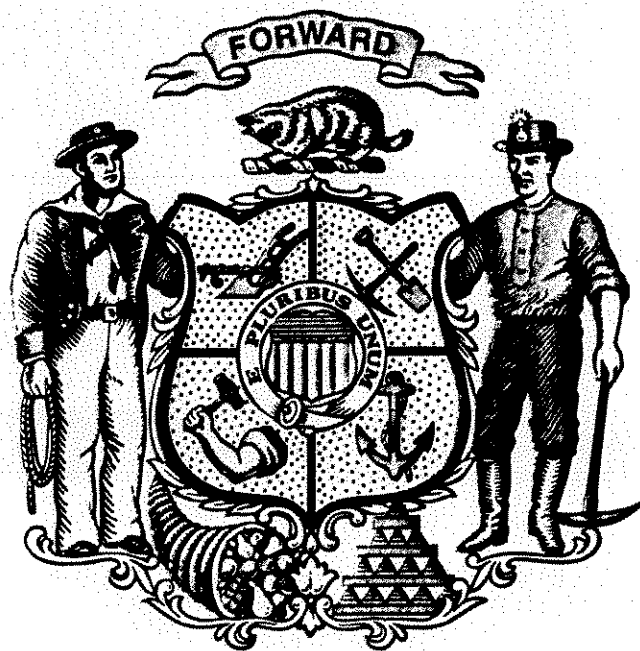

We do not have the staff in the Village of Shorewood to allow for one or two persons to completely devote themselves to the voter verification audit. In November we are also dealing with budget meetings, preparing the tax roll and in December collecting taxes and issuing dog/cat licenses. Our office is also closed on Thanksgiving and the day after -- this deletes 2 working days from the month. Since this office also collects taxes, staff is not allowed to take vacation in December. So some of my staff takes vacation in November -- especially the deer hunters.

The Village of Shorewood is working to not increase taxes. If adopted, this bill would require that some employees put in extra hours and be paid overtime in order to meet the one-month requirement. We can not afford it.

It would really be nice if legislators would ask Clerks and Clerk-Treasurers for their comments before drafting Bills that greatly impact their work load and their budget.

Subject: Assembly Bill 310

I have been contacted by my Municipal Clerks Association that Assembly Bill 310 would require clerks to complete an audit of newly registered voters with in one month of an election.

When I first heard this I thought how wonderful it would be. However, I am having second thoughts. My reasoning is this:

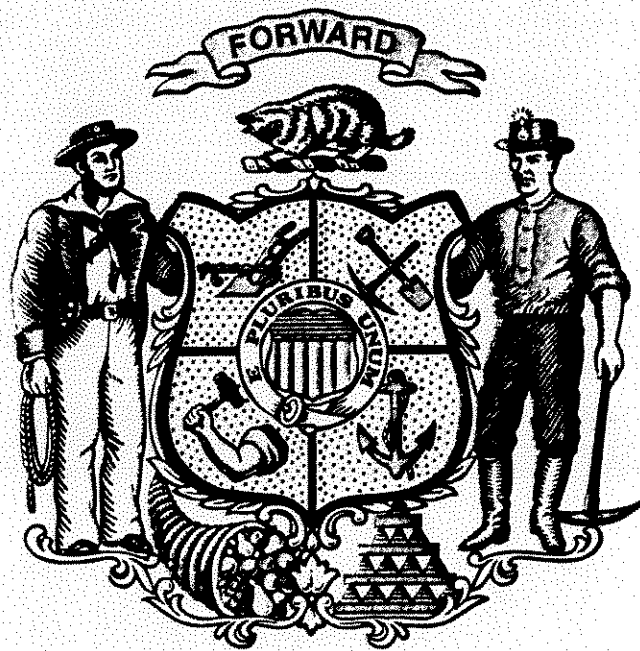

We are very short staffed here. Infact, with Liquor License Renewals and Business license renewals in April and May I hardly have time to think of anything else. We are a three person office and when one person is gone, it is virtually impossible to do anything but wait on the constituents. Therefore, I am still entering the voters from April elections. I have two more districts to complete. I don't like that it isn't complete and I don't know what the solution is, but with the cut backs at the state level and local level now, I find it impossible to complete in a timely fashion.

I am very much in favor of searching for new and more efficient ways of doing things, so if there was a better solution, please make that proposal. Until then, I think it is just another burden to place on the Municipal Clerk. I have deadlines to meet each day with meetings, agendas, publications, Board of Review that happens in May, Audit, Zoning Board of Appeals annual that happens in May, Planning Commission, and preparation for these items....not to mention the daily duties. Please don't misunderstand, I am not looking for sympathy, and if this requirement is placed I will accept it and meet it, but with those new mandates on Clerk's it is difficult to complete your job without working 100 hours a week.

Thank you for listening.

I am writing to object to the time period of one month allowed for the clerk to perform the required audit of voter registration after each election. I don't know how we could meet that requirement following elections with heavy registration. At the November 2000 election, nearly 1/3 of the people who voted in Waukesha either registered or changed their registration on election day. Our records show that 9,965 of 30,984 voters registered or changed their registration at the polls 11/7/00. Although we utilized temporary help to assist us with the data entry, it still took us a couple months to complete it. The postcards could not be created and mailed until data had been entered, and this step took about a week. It took some time for the post office to return the cards that were not deliverable. Then we did additional followup to look for data entry errors or incomplete data.

I don't know how this could possibly be completed in a month when so many voters register at the polls.

Like the State, municipalities also have budget constraints which may impact how quickly they are able to complete the process.

«FirstName» «LastName»
«JobTitle»
«Address1»
«City» «State» «PostalCode»

Dear Ms. «LastName»;

As chairman of the State Assembly Committee on Campaigns and Elections I am gathering research for a bill that is currently in the committee. Assembly Bill 310 relates to verification of voters whose names do not appear on registration lists.

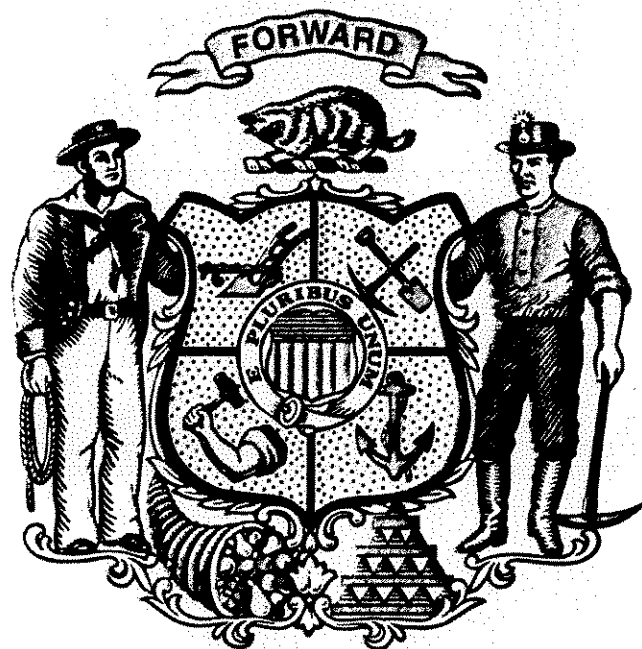

During the 2000 General Election there were many voters who registered on the day of the election. Current law requires an audit, conducted by the municipal clerk or election commissioners, of the list of persons registering on the day of the election. That audit is generally a postcard mailed to the address provided by the voter. If the postcard is returned to the municipal clerk or election commissioner as undelivered the name of the voter must be provided to the district attorney. I would like copies of all of the cards returned to you as undeliverable the 2000 General Election.

I am also interested in the procedures you and your staff followed in your audit process of the new voter registrants for the 2000 General Election. Please summarize the process you followed and include it with the copies of cards as requested above.

Any questions you may have about this request, please do not hesitate to contact me at 608-266-7502. Thank you for your prompt response to my request.

Sincerely,

STEPHEN J. FREESE
State Representative
Chair, Assembly Campaigns & Elections Committee

OakCreek

OFFICE OF THE
CITY CLERK

BEVERLY A. BURETTA,
CMC
CITY CLERK

TEL: (414) 768-6510

August 20, 2003

Stephen J. Freese
State Representative
Chair, Assembly Campaigns & Elections Committee
P O Box 8952
Madison, WI 53708-8952

Dear Mr. Freese:

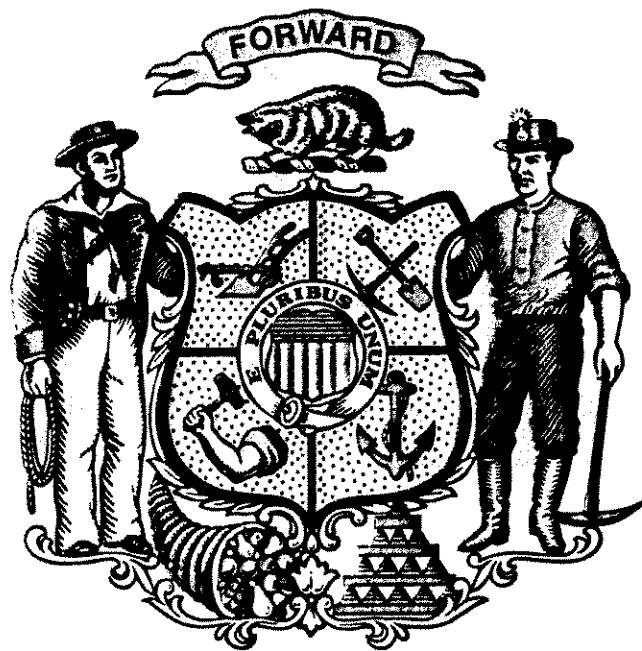

In response to your letter of August 12, 2003, here briefly are the audit procedures that are followed after an election.

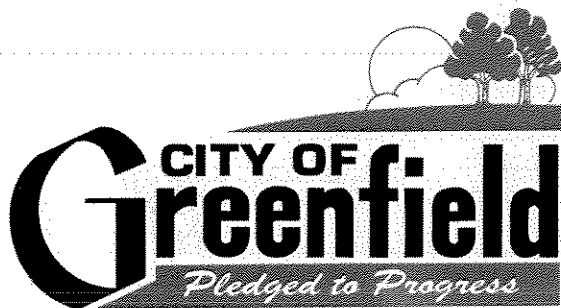

1. Voter registration cards are reviewed to insure that all required identification information is present and a signature is on the card. Registrants are required to provide proof of identity and proof of residence.
2. The cards are then matched via our Election software to check whether the voters are already registered. (In some cases, people feel that they must register for each election.)
3. Information for each new voter is then entered into the software. The software verifies the District and Ward, or it is done manually.
4. If any relevant information is missing or incorrect, a letter is sent with a request for completion.
5. After all of the above is completed, their having voted is entered in the software voting history.

After the 2000 Fall General Election, no cards were sent to new voter registrants.

Sincerely,

Beverly A. Buretta, CMC
City Clerk

August 26, 2003

Rep. Stephen J. Freese, Chairman
Assembly Campaigns & Elections Committee
P.O. Box 8952
Madison, Wisconsin 53708-8952

Dear Rep. Freese:

Our office is in receipt of your letter requesting information pertaining to Voter Verification Cards that were mailed and returned to our office following the November 7, 2000 General Election.

Enclosed is a copy of a letter dated January 17, 2001 indicating the results and reasons why 139 Voter Verifications Cards were returned to our office by the Post Office.

Following is an explanation of the procedure followed by our office regarding voter registrations from the November 7, 2000 election:

1. 4,663 Voter Verification Cards were mailed January 2, 2001 to newly registered voters
2. Of the 4,663 Voter Verification Cards mailed, hundreds were returned to our office for various reasons (see enclosed letter dated January 17, 2001 showing the final tally of cards returned). Upon return of cards, attempts were made by our office to contact individuals by phone to verify whether the voter had moved from the residence since the time of registration, or to those households where a reason for return was not given by the Post Office (i.e., no label; missing barcode; 'undeliverable as addressed'). If the voter could not be contacted by phone, registration cards without a reason shown for return were mailed a second time in the event the postcard may accidentally have slipped through the postal machines the first time, since our own experience has proven that sometimes card stock is not heavy enough causing cards to stick together.
3. Upon completion of research for the return of registration cards, and no further verification attempts could be made, 139 individuals were deleted from our records. The Verification Cards of those individuals were then attached to the Voter Registration Cards. These cards are now stored in our archives. A separate listing of the returned cards was not prepared.

Rep. Stephen J. Freese
Page 2
August 26, 2003

Thousands of voter registration cards have been deleted after various elections held throughout the years. An extensive amount of research would be required to honor your request to make copies of each of the 139 Voter Verification Cards returned from the November 7, 2000 election.

I anticipate the charge to locate the records you are requesting to be approximately \$250.00. If you would like our office to proceed with your request, please forward a check to the City Clerk's Office, made payable to the City of Greenfield. Upon receipt of the fee, our office will begin the necessary research. Any unused portion of the fee will be returned.

Samples of the cards previously mentioned are also enclosed. Hopefully, the information provided will assist you in your research regarding Assembly Bill 310.

If you have any questions, or would like any further information, please feel free to contact our office at 414-329-5219.

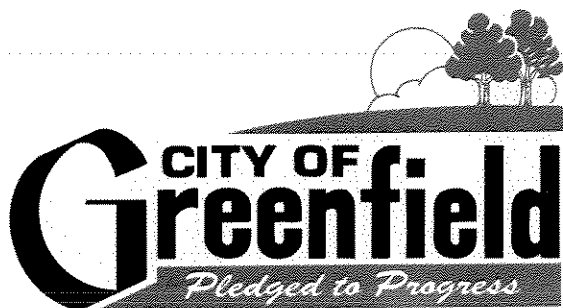

Sincerely,

Donna M. Rynders
City Clerk
